

GOVERNOR GARD WAS NOT KILLED

Arrival of One of the Victims
of Moro Treachery at
San Francisco.

BADLY INJURED BUT ALIVE

SAVAGES ESCAPE AFTER SHOOT-
ING HIM DOWN.

San Francisco, July 13.—Allan Gard, a district governor from Lanao, in the extreme southern part of the island of Mindanao of the Philippine archipelago, who was reported to have died as a result of wounds received in an engagement with Moro warriors, arrived here on the transport Sheridan, Governor Gard, still suffering from the fearful wounds received, occupied a cot in the hospital ward of the Sheridan on the voyage from Manila, and was carried from the ship on a stretcher and placed aboard the train, en route to New York, where he will enter the Roosevelt hospital. He was met here by his father and mother, who will accompany him east.

Went Out as a Teacher.

Governor Gard, who went to the islands in 1901 as a teacher, had charge of a district in the province of Davao, the southernmost province on the island of Mindanao, populated by the fanatical Moros, the wildest and fiercest tribesmen in the islands. Last February a band of natives murdered James Smith, a white road foreman, near Lanao. Governor Gard went in pursuit of the raiding Moros with a small force of constabulary. He followed them into the interior of the island, and finally located their camp on a mountain top.

Governor Fearfully Wounded.

Advancing at the head of his force, Gard called upon the Moro datus to surrender. He was greeted with a volley of bullets, several of which struck him. His right leg was terribly torn by a brass slug, his arm broken and his right leg injured in the thigh by another ball. The constabulary stormed the camp, but the Moros escaped.

CONFERENCE AT FAIRVIEW

Members of the Democratic National
Committee Leave Denver for
Lincoln, Neb.

Denver, July 13.—Most of the members of the new Democratic national committee left here at 5 o'clock this afternoon for the Rock Island railroad for Lincoln, where they will hold a conference with W. J. Bryan regarding the selection of a chairman and other matters connected with the campaign. It is generally believed among the committeemen that the chairman will be chosen from the following list: John H. Atwood of Kansas, Daniel J. Campau of Michigan, Ollie James of Kentucky, John E. Lamb of Indiana.

Included in the party which left for Lincoln were Chairman Thomas Taggart, Colonel John I. Martin, sergeant at arms, Trey Woodson, secretary of the committee, and the following members of the executive committee: Colonel R. M. Johnson of Texas, Norman E. Mack of New York and J. C. Dahlgren of Nebraska.

SCENE OF HORROR.

Union Pacific Mine No. 1 at Hanna,
Wyo., Being Reopened.

Hanna, Wyo., July 13.—The eastern slope of the Union Pacific company's coal mine No. 1, in which two disastrous explosions occurred March 30 a year ago, has been opened for a distance of 160 feet, and the work of cleaning out the debris is in progress. After several days the workmen will proceed further into the mine. The body of Robert Armstrong, electrician, who volunteered to enter the mine after the first explosion to repair electric lights for the rescuers and who was buried in the second explosion, was recovered today. There are fifty-seven bodies in the mine.

SECRET SERVICE MEN WATCHING PATRIOTS

Denver, July 13.—Secret service men are said to be watching the Korean patriotic convention in the chapel of Grace Methodist church, in this city, because of a report that the foreigners came to this country to learn army and war tactics for use in freeing their country from the domination of the Japanese, but there was no indication of such a purpose in the proceedings today, which were entirely peaceful in their tenor.

DATE OF HANGING UNKNOWN.

Canon City, July 13.—Giuseppe Allia, who is to be hanged in the state penitentiary here some time this week for the murder of Father Leo Heinrich, whom he shot in St. Elizabeth's church in Denver on Feb. 23 last, is reported by the prison authorities today to be in good physical condition. No other information concerning the condemned man has been given out, and if the day on which the execution will take place has been set, the fact is not known outside the prison.

DIFFERENT NOW.

Athlete Finds Better Training Food.

It was formerly the belief that to become strong, athletes must eat plenty of meat.

This is all out of date now, and many trainers feed athletes on the well known food, Grape-Nuts, made of wheat and barley, and cut the meat down to a small portion, once a day.

"Three years ago," writes a Michigan man, "having become interested in athletics, I found I would have to stop eating pastry and some other kinds of food."

"I got some Grape-Nuts and was soon eating the food at every meal, for I found that when I went on the track I felt more lively and active."

"Later I began also to drink Postum in place of coffee and the way I gained muscle and strength on this diet was certainly great. On the day of a field meet in June I weighed 124 pounds. On opening of the football season in September I weighed 140. I attributed my fine condition and good work to the discontinuation of improper food and coffee, and the using of Grape-Nuts and Postum, my principal diet during training season being Grape-Nuts."

"Before I used Grape-Nuts I never felt right in the morning—always kind of 'out of sorts' with my stomach. But now when I rise I feel good, and after a breakfast largely of Grape-Nuts with cream, and a cup of Postum, I feel like a new man." "There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pags.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

FEDERATION ANNUAL MEETING

Western Miners Expected to
Amalgamate With Eastern Brethren.

Denver, July 13.—The opening session of the sixteenth annual convention of the Western Federation of Miners today was devoted to the appointment of a committee on credentials and two short addresses, one by George Halley, president of the Colorado State Federation of Labor, and the other by W. S. Burns, a member of the Miners' union at Virginia, Nev. Both men declared that the two organizations should work in harmony if not together.

Amalgamation the Object.

It is stated by those in authority that the two addresses were but the beginning of an open movement, the ultimate object of which is amalgamation. It was also said that President Thomas Lewis of the United Mine Workers of America is on his way to Denver either Wednesday or Thursday and will appear before the convention and deliver an address which will result in a view of amalgamating the coal and metalliferous miners. Should such a union be effected, the organization will probably be known as the United Mine Workers of America, the coal miners to comprise the coal department and the western federation the metalliferous department.

Credentials Committee.

The following is the committee on credentials: Charles R. Waters, Silverton, Colo.; Edward L. Butte, Mont.; J. C. Scott, British Columbia; James McDonald, Furey, S. D.; C. R. Burr, Hart, Nev.; William J. Johnson, Flat River, Mo.; A. E. Rigley, Mullin, Ida.

President Meyer will deliver his annual address after the permanent organization has been effected.

The credentials committee will recommend that William D. Hayward, the former secretary-treasurer, be given a seat in the convention with a complete delegate authority though he is not a delegate or an officer.

As the credentials committee was not ready to report no session was held this afternoon.

WILL CARRY EMPIRE STATE

Charles F. Murphy Back in New
York, Confident of the Election
of Bryan and Kern.

New York, July 13.—Charles F. Murphy, the Tammany leader, and several of his personal following, arrived in New York today on their return from the Democratic national convention in Denver. Mr. Murphy says he believes the Democratic national ticket has a good chance of carrying New York state this year.

"Everything in this state is harmonious now," he said. "The up-state leaders with whom I have talked since leaving for the west seem to think the outlook in their districts is very bright. I am sure that the states in the middle west can be relied upon, too, for Bryan and Kern."

Mr. Murphy would not discuss the handshaking episode at Lincoln, when he was met at the railway station by the Democratic candidate for the presidency, Martin W. Littleton, who was willing to describe the meeting, however.

"It was a very cordial greeting," he said, with an expansive smile.

"On both sides."

"Cordial on both sides."

HOG MARKET HITS THE HIGH MARK FOR YEAR

Chicago, July 13.—The hog market, which has been advancing steadily since March, climbed to the high mark for the year today, when prime animals sold at \$7.05 a hundred. The scarcity of hogs, resulting in a corresponding scarcity of hogs, is given as the cause of the advance.

WAS IN POOR HEALTH FOR YEARS.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. For sale by the F. J. Hill Drug Co., "The Never-Substitutors."

CHAUFFEUR KILLED.

Munich, July 13.—A serious automobile accident occurred near this city yesterday, resulting in the death of the chauffeur of the car. The other occupants of the machine, Count C. A. Wachtmeister, the Swedish consul general at Cairo, Mrs. Maria Lord of New York and her ten-year-old son Andreas, and Miss Dagmar Engquist, the governess, were seriously injured.

REXBURG, IDA., NOTES.

(Special Correspondence.)
Rexburg, Ida., July 12.—The Rexburg Light & Power company have consolidated their interests. They will build a 1,000-horsepower plant on the Teton river. They will furnish an all-day service. At present power and light is being furnished from the local plant.

David Young, an employee of the C. O. D. laundry of this place, had his hand crushed in a mangle last Thursday. The machine was promptly stopped, or the young man's arm would have been drawn into the mangle.

A petition was circulated this week by E. H. Barnes and Mr. Upham asking merchants to close on Thursday afternoon from 2 to 5 o'clock. The object is to have a good game of baseball every Thursday afternoon. The merchants have practically all agreed to the proposition. A game is arranged with Pocatello for next Thursday.

The Rev. Henry B. Hudson gave a very interesting and instructive lecture on local option in the First ward chapel Tuesday evening.

Mrs. John Hendricksen and daughter, Irene, of Logan are here visiting with relatives.

John Hunt and Miss Lizzie Beasley were married at St. Anthony on Tuesday. Both are popular young people of Rexburg. Mr. Hunt is engaged in the sheep business and the bride was formerly bookkeeper for the Heston-Jensen Co. of this place. A reception was given in their honor at the home of the bride's parents on Tuesday evening.

A Reeves of Salt Lake City is visiting with his friend, I. P. Bowers, Rexburg agent for the Oregon Short Line.

A Democratic county convention will be held at Rexburg on July 31 at 2 p. m. for the purpose of electing delegates to the state convention to be held at Wallace, Ida., on the 6th day of August. Candidates for state office will be nominated at the Wallace convention.

Sheepmen are weighing and loading wool at Rexburg for eastern markets. Dry farm grain is headed and filling nicely. There are several thousand acres of such grain south of Rexburg. Some of it will produce thirty-five to forty bushels per acre. The steam plow is kept going day and night preparing ground for sowing this fall. The outfit is owned by the Webster-Woodmansee Co.

ALIBI FOR STEVE ADAMS

Accused Man Said to Have Been
Playing Cards When Arthur
Collins Was Killed.

Grand Junction, Colo., July 13.—The defense rested this afternoon in the case of Steve Adams, charged with the murder of Arthur Collins, mine superintendent, after producing eight witnesses who testified that Adams was playing cards at Mrs. Mennan's boarding house in Ophir on the November night in 1902 when Collins was shot in Telluride, and was still there when a man brought news of the murder. Jack Griffin gave particulars of the card game and his testimony was not shaken on cross-examination.

The prosecution announced that it would close the rebuttal evidence by noon tomorrow and the case will probably go to the jury Wednesday.

BUSINESS IS LOOKING UP

Normal Conditions Close at Hand in
All Lines—Railway Officials
Encouraged.

Cleveland, July 13.—Indications are increasing in all branches of business and commerce that normal conditions are rapidly approaching. Railroad managers, especially, report a decided improvement and a sharp demand for cars for the transportation of all classes of freight, with the possible exception of steel and iron.

A prominent railway official said today that the railroads would shortly be compelled to go into the market to buy material.

And when they did so the demand would be sudden as well as heavy.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

The skin is an index to the quality of the blood. Eczema, Acne, Tetters, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed. Book on skin diseases and any medical advice free to all who write.
